NEXUS LOGISTICA

Company Profile

Company Overview

Nexus Logistica Proprietary Limited is a Botswana-registered logistics and supply chain management company delivering integrated transport, trade facilitation, and cross-border compliance solutions across the African continent.

We exist to move Africa's resources beyond borders — unlocking regional trade efficiency and driving industrial growth through a data-driven logistics ecosystem.

Our operations focus on:

- Regional Freight and Transport Management
- Customs Pre-Clearance and Trade Facilitation
- Mining and Industrial Logistics Solutions
- Technology-Driven Supply Chain Optimization

By connecting production zones to consumer markets, we link infrastructure, industry, and innovation — positioning logistics as a strategic enabler of economic growth for Botswana and the wider SADC region.

Vision

To redefine logistics across Africa through efficiency, transparency, and sustainability — ensuring that every movement of goods contributes to the continent's industrialisation and global trade presence.

Mission

To deliver seamless, compliant, and sustainable logistics solutions that empower industries, governments, and communities to trade more effectively across borders.

Our Core Values

Integrity:

We operate with accountability and transparency in every transaction.

Innovation:

We use technology to build smarter, more efficient logistics systems.

Sustainability:

We are committed to environmentally and socially responsible operations.

Collaboration:

We build long-term, mutually beneficial partnerships.

Precision:

Every process is executed with operational accuracy and reliability.

Our Strategic Objectives

- Position Nexus Logistica as a leading SADC logistics and trade facilitation company.
- Establish sustainable freight corridors powered by technology and ESG-aligned transport solutions.
- Partner with government agencies, private-sector stakeholders, and development partners to modernise trade logistics.
- Build an integrated network across road, rail, and air logistics, supported by smart compliance and tracking systems.

We Think Way Beyond Borders

Corporate Structure

Nexus Logistica operates as a Botswana private limited company, supported by cross-border partnerships and advisory expertise in engineering, legal, mining, and corporate strategy.

This structure ensures strong governance oversight and operational accountability, with a board of strategic advisors and specialists across their respective fields.

Leadership & Governance

Meet the team steering Nexus Logistica's strategy, operations, and governance.

Our Founders

From vision to the team that brought it to life — meet the people leading Nexus Logistica forward.

Boabilwe Larona Letamo

CEO

Juandré Versfeld

COO

Nelson Molefhe

CHIEF COMMERCIAL OFFICER

Co-Founder & Chief Executive Officer

Boabilwe provides strategic leadership and vision for Nexus Logistica. His focus lies in scaling the company's continental footprint, forming institutional partnerships, and aligning logistics innovation with national development priorities.

He brings a background in transport systems development, international business strategy, and investor relations.

Boabilwe Larona Letamo

Co-Founder & Chief Operating Officer

Juandré oversees Nexus Logistica's daily operations, project execution, and systems management. His expertise in logistics optimisation and cross-border trade ensures consistent delivery across the value chain.

He focuses on operational excellence, process discipline, and regional network growth.

Juandré Versfeld

Chief Commercial Officer

Nelson leads Nexus Logistica's commercial function, driving buyer acquisition, buyer relationships, and commodity brokerage across the company's target markets.

He is responsible for deal origination, strategic partnerships, and transaction development, and provides the market intelligence that informs the company's international expansion.

Nelson's commercial network and negotiation experience convert Nexus Logistica's operational capacity into sustained trade volume across the region.

Nelson Molefhe

Company Secretary – Ngwenya & Attorneys

Admire, through Ngwenya & Attorneys, ensures Nexus Logistica's legal compliance, corporate governance, and statutory management.

He also provides oversight on contract negotiation, board resolutions, and regulatory alignment under Botswana company law.

Admire Nkosana Ngwenya

Strategic Advisor

Kyle brings international business development and investment expertise. He provides strategic input on partnerships, capital structure, and expansion into high-growth regions.

His advisory role strengthens Nexus Logistica's engagement with global investors and government partners.

Kyle Lowden

Strategic Advisor

Warren contributes expertise in corporate growth strategy, operational scaling, and business development.

His experience across diverse sectors adds strategic depth and resilience to Nexus Logistica's corporate planning and expansion efforts.

Warren McNicol

Strategic Advisor

Dirk, an engineer and owner of Hytorc Botswana, brings a technical and industrial perspective to Nexus Logistica's advisory team.

His experience in mechanical systems, industrial engineering, and infrastructure logistics ensures that the company's solutions remain technically sound and globally aligned.

Dirk Tetzner

Our Strategic Pillars

Integrated Logistics Solutions

We provide multi-modal transport management solutions designed to move cargo safely and efficiently across SADC.

Trade Facilitation and Pre-Clearance

Through smart customs systems and regulatory partnerships, Nexus Logistica reduces border delays and enhances compliance for faster, cleaner trade flows.

Mining and Industrial Logistics

We specialise in supporting Botswana's extractive industries, offering mine-to-market logistics pathways and consulting on bulk transport and audit integrity.

Sustainability and ESG

Our approach integrates Environmental, Social, and Governance standards — carbon-conscious routing, community integration and fair employment, and strong board oversight with transparent reporting.

We Think Way Beyond Borders

Sustainability and ESG Focus

Nexus Logistica's sustainability framework ensures:

- Efficient energy consumption through route optimisation.
- Reduction of carbon footprint across all operational fleets.
- Commitment to community development through local hiring and training.
- Ethical procurement and transparent reporting.

We align our strategy with the UN Sustainable Development Goals (SDGs), specifically Goals 8 (Decent Work & Economic Growth), 9 (Industry, Innovation & Infrastructure), and 13 (Climate Action).

Strategic Partnerships

Our partnerships bring together engineering, legal, and industrial specialists across Botswana and Southern Africa, ensuring that every logistics solution meets technical, regulatory, and operational excellence standards.

CEO's Statement

"Nexus Logistica is not just a logistics company — it's an economic enabler. We are building the infrastructure of trade, trust, and transformation that will define Africa's next industrial chapter."

Our mission goes beyond moving cargo. We move opportunities, partnerships, and industries forward — responsibly, sustainably, and beyond borders."

— Boabilwe Larona Letamo

Co-Founder & Chief Executive Officer
